DINGEL & SMITH
SEED COMPANY

Twin Falls, Idaho

INTRODUCTION

It is with great pleasure we present our many friends and customers with our tenth annual seed catalog.

We appreciate your many orders of the past seasons and we are looking forward, with pleasure, to supplying your requirements in seeds again this season and we are sure that our relations will be most pleasant.

All of our seeds are tested for purity and germination, assuring you of the highest quality seeds obtainable.

You will be doing us a great favor by mailing your orders early, as we receive a great number of orders each day during the planting season. You may be assured of our prompt and careful attention in filling your order.

Sincerely,

DINGEL AND SMITH SEED COMPANY.

GUARANTY

All seeds, plants and bulbs are subject to climatic conditions over which we have no control, therefore Dingel and Smith Seed Company give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any seeds, plants or bulbs they send out and will not be responsible for the crop. Every order for articles named in this catalog will be executed on these conditions only. If the purchaser does not accept the goods on these terms they are to be returned at once.

DINGEL AND SMITH SEED COMPANY.

NOTICE TO CUSTOMERS

Read Carefully

How to Make Out Your Order and Parcel Post Instructions Your Zone Is Stamped on Your Catalog

Before sending your order read Parcel Post Instructions carefully. All Garden and Flower seeds are priced postage paid.

Fill out your order sheet enclosed herewith, writing or printing your name and address very plainly, and use return envelope.

Remittance may be made by Postoffice or Express Money Order, Draft, Stamps or Currency. We prefer that you do not send stamps for amounts over 50c. Be sure to register your letters if they contain cash. Money Orders are the safest and most economical way of remitting, whenever possible, as banks charge for collecting personal checks.

TIMOTHY needs no introduction, as it has been grown in the west and all other sections as a hay and pasture grass. Is especially good on low moist soils.

Write for prices.

Pasture Mixtures for Irrigated Lands

We do not offer prepared mixtures for pastures, preferring to let our customers buy the grasses separately and do their own mixing. In this way the customer knows what he is buying and sowing.

We recommend the following as the mixture best adapted to irrigated lands:

- 2 pounds Kentucky Blue Grass
- 6 pounds Meadow Fescue
- 6 pounds Orchard Grass
- 6 pounds Oregon Rye Grass
- 5 pounds Sweet Clover, white or yellow

25 pounds per acre.

Write for prices.

TEMPORARY PASTURE MIXTURE: For a quick and temporary pasture mixture sow:

- 15 pounds Sweet Clover, white or yellow
- 10 pounds Oregon Rye Grass

25 pounds to the acre.

Write for prices.

SHORT MOISTURE PASTURE MIXTURE: In locations where rainfall or sub-moisture is depended on we recommend the following mixture:

- 5 pounds Crested Wheat Grass
- 5 pounds Brome Grass
- 2 pounds Kentucky Blue Grass
- 5 pounds Sweet Clover, white or yellow blossom

Sow 17 pounds per acre as above.

Write for prices.

Pasture and Hay Mixtures

TIMOTHY AND ALSIKE CLOVER, either 25% or 50% Alsike: Where soils are heavy and wet this mixture will give splendid results for either pasture or hay.

Write for prices.

TIMOTHY AND RED CLOVER, either 25% or 50% Red Clover: This mixture is best adapted on soil where alfalfa does not give satisfactory results.

Write for prices.

The above suggested mixtures are of the proportions we suggest. However, if you are interested in any of them mixed in different proportions we will be pleased to submit samples and quote you prices.

If you are interested in other pasture or hay mixtures not listed, please give us your requirements and we will be pleased to submit samples and quote you prices.

LAWN MIXTURE, for country homes: This is a high quality mixture made up of the best of pure seed and compounded in a way to give you a fine, thick, velvety lawn in the quickest possible time.

1 lb. 60c; 5 lbs. \$2.75; F. O. B. Twin Falls. For larger quantities write for prices.

Sowing Instructions for Grasses

Finest Double and Single, mixed, Pkt. 15c; 1/16 oz. 50c.

PERENNIAL PHLOX—Phlox Decussata: This beautiful and showy perennial comes in a countless number of brilliant colors and few flowers compare with it in brilliance. Very hardy. Seed slow and irregular in germinating.

Finest mixed. Pkt. 15c; ½ oz. 60c.

ORIENTAL POPPY: The tall stems about three feet high, bear giant flowers of brilliant scarlet six or eight inches across. The plants thrive well in either sun or partial shade.

Packet 15c; 1/16 oz. 50c.

NUDICAULE (ICELAND POPPY): The flowers are borne on stems which rise to a foot above tuft of fern leaves. The bright colored flowers are shades of orange, salmon, maize and other tints. Will bloom the first season from seed if sown early in the spring.

Special Mixture, Pkt. 15c; 1/16 oz. 45c.

STATIC (SEA LAVENDER): The stemless leaves spring direct from the root stock and the flower stems are more or less twiggy, bearing their small flowers in much-branched panicles. The flowers are useful for drying for winter use.

Latifolia—Tall, dense, branching plumes of deep blue flowers.

Packet 10c; ½ oz. 40c.

VIOLET—SWEET SCENTED: Hardy perennials, blooming freely throughout the season. These beautiful, sweet-scented flowers deserve a place in every garden.

Dark Blue — A beautiful true blue strain. Packet 15c.
